The ultimate in all-year-round heating -
and they are just so versatile!

Completely Self-contained
Rain Protected
Wind Resistant
Attractive Design
No Electricity Required
Built-in Piezo Ignitor
Continuous Pilot
LPG Gas

Great for outdoor parties,
weekend and holiday
heating, and use with
outdoor furniture!

Ultra-Mate

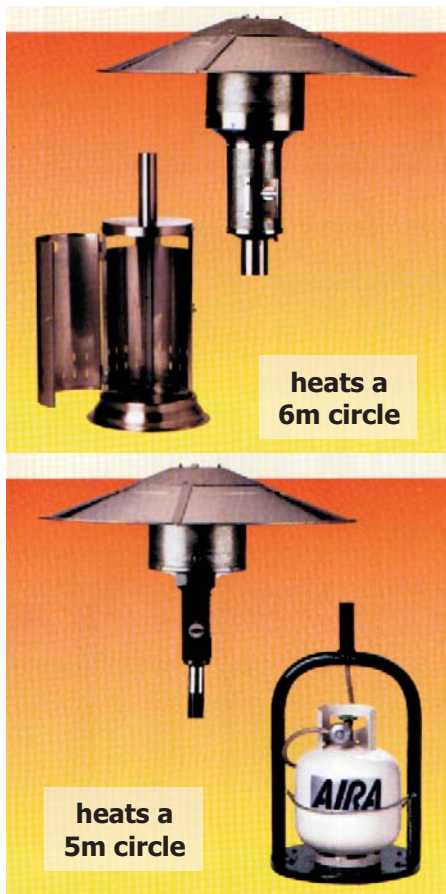

Ultra-Buddy

Aira **Ultra-Mate** and **Ultra-Buddy** heaters operate just like the sun, they are a self-contained infra-red heater that warms surfaces, not the surrounding air, by emitting infra-red rays which gently warm each surface they touch, including you, just as the sun does.

Features

- 3-piece Aluminium Reflector
- Stainless Steel Emitter Grid
- Stainless Steel Burner
- Safety Tip Over Tilt Switch
- Variable Gas Control

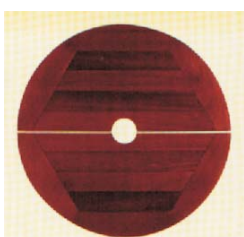

Ultra-Mate UM50

- Single sectional post for ease of assembly
- Larger gas cylinder enclosure can - accommodates 4.5, 9 or 13kg gas cylinders
- Hinged gas cylinder compartment door for easy access
